**LOS ANGELES COUNTY
FIRE DEPARTMENT**

Health Hazardous Materials Division
Inspection Section/Disclosure Unit
5825 Rickenbacker Road
Commerce, CA 90040

**SUBJECT: HAZARDOUS MATERIALS STATE REPORTING FORMS (ANNUAL INVENTORY
REVIEW, BUSINESS PLAN, AND SITE MAP) FOR CALENDAR YEAR 2002**

**SITE: ARMSTRONG WORLD INDUSTRIES, INC.
5037 Patata Street
South Gate, CA 90280-3555
(I. D. No.: FA0020361)**

To Whom It May Concern:

In accordance with the State Health and Safety Code and the Los Angeles County Code, Armstrong World Industries, Inc. ("Armstrong") is submitting the following documents:

1. Annual Certification Statement & Signature Authorization Letter;
2. Business Owner/Operator Identification (See Corrections on Printed Form);
3. Revised Annual Review of Hazardous Materials Inventory—Chemical Description for 2002; and
4. Updated Emergency Action Plan.

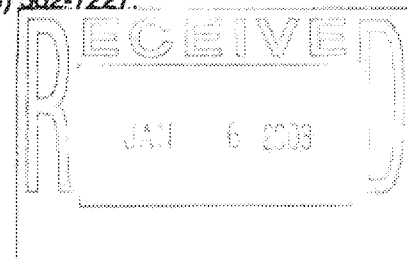

We prepared the detailed Consolidated Contingency Plans (CCPs) within the last two years so we do not have to complete it this year.

Armstrong uses polyvinyl chloride resins which contains vinyl chloride and vinyl acetate monomers (CAS #75-01-4 and CAS #108-05-4, respectively). We have reported to EPA a continuous release of vinyl chloride monomer that exceeds the CERCLA reportable quantity (RQ) of one pound per day.

Please make all of the changes that are noted on the Hazardous Materials Inventory. Should you have any questions or comments, please do not hesitate to call me at (323) 562-7227.

Sincerely,

William S. Woyshner, REA
Environmental and Security Specialist
